

CAMPSITE RULES

Welcome to The Bustard Campsite! We hope you will enjoy your stay in this lovely part of Wiltshire.

There are a few campsite rules which are for everyone's safety and enjoyment whilst staying at The Bustard campsite.

RULES

1. Please pitch your tent in the area designated to you (prevailing wind is from the direction of the silo).
2. Dogs are welcome on site as long as they are always on a lead and you clear up after them. Bag it AND bin it please.
3. Fires are only allowed in the fire pit/BBQ areas which are clearly marked. Firewood may be available to purchase - please ask at the office.
4. Please be considerate of other campers / local residents by keeping noise down between 2300-0700 hours.
5. There are many interesting and attractive walks in the area (suggested routes are available on request). Please be aware that the site is on the edge of Salisbury Plain Training Area (SPTA). You may see red flags or lamps prominently displayed nearby - this means that the area is out of bounds. **Do not** enter the SPTA when the flags are flying, it is both against the law and dangerous! When the flags are down there are various rights of way which can be walked or cycled; please abide by any signs displayed or instructions given by Range Staff at all times (e.g. do **NOT** pick up anything - it may explode!).
6. Rubbish - as this is a green field site all your rubbish must be removed upon your departure.
7. Water containers may be filled from the tap in the field - please boil before drinking.
8. Please be careful on the road when entering / leaving the car park - army vehicles also use this road.
9. **In case of fire, please call fire brigade on 999.**
10. The garden area is not available for campers use unless by prior arrangement or for consumption of food bought from the tea rooms. If you do access the garden, please be aware of the uneven steps.
11. Please respect that some areas are fenced off for your safety and the safety of our plants - and do not enter these areas.
